Message from the Head teacher:

Dear Parents / Carers

A survey has been sent via Parentmail Forms for you all to complete in relation to the school fully reopening as per the government's current plans for schools in England. We would appreciate it if you could complete this questionnaire by Friday 17th July. If you are unable to access the questionnaire then please send an email to Claire in our office and a pdf can be sent to you by return, for you to view and reply to.

office@limeacademyforestapproach.london

Have a Fantastic weekend.

Stay Safe.

Kind Regards,

Mary Bickmore

Plastic Free July

Join millions of people reducing their plastic waste.

Plastic Free July is a global movement that helps millions of people be part of the solution to plastic pollution so we can have cleaner streets, oceans, and beautiful communities.

Will you be part of Plastic Free July by choosing to refuse single-use plastics

Family Fund Update

We recognise that the current Covid pandemic has made life much harder for many families, not only in terms of managing your child's needs during the lockdown period, but also financially.

I am sure that many of you will be aware of the charity 'Family Fund', who provide help to families raising a child with special educational needs and/or a disability. They provide grants for a range of items including short breaks and days out, clothing, computers and tablets, kitchen appliances and sensory toys.

The organisation has put extra measures in place to ensure they can continue to support families throughout this crisis, and are now able to accept applications once every nine months where previously it was twelve, as long as your family remains eligible.

For those families who are already using the fund, I know that this change will be welcomed. For any families who are unsure whether they are eligible to apply I would encourage you to click on this link to their website, where all the relevant information can be found: <https://www.familyfund.org.uk/>

July - UV Safety Month

Your skin is your body's largest organ. It protects you against heat, sunlight, injury and infection. The Sun's ultraviolet (UV) rays can damage your skin in as little as 15 minutes. We always encourage our students to protect their skin with sunscreen and a hat on hot days. The weather has been a little cloudy recently, but we are due another patch of sunshine next week and so we would like to remind those students coming in (and those out and about) to wear sunscreen and cover up sensitive areas with clothing and hats.
